A Special Note for our Canadian Members

Thank you to all the Canadian CUES Members for the support in 2017 and making it a successful year for CUES in Canada.

With the support of John Pembroke, CUES' President/CEO, and the CUES board, we were able to hold four valuable governance programs in Canada in 2017. CUES Governance Leadership Institute™ was facilitated by the Rotman Faculty at the Asper School of Business in Winnipeg in March and at the Rotman Campus in Toronto in June. CUES also held the Board Chair Development and CUES Director Development Seminars in Vancouver in September. With the continued support of the Canadian market, CUES will be able to continue its investment in Canada.

As we plan and budget for 2018 it will be more important than ever to ensure our credit union managers and board members have the education and support they need to face any challenges that lie ahead. Leadership and strategy development that arm our executives and managers with the skills to focus on the big picture, as well as leadership and governance education for our board members, will continue to be keys to the credit union systems' success.

CUES looks to you for your feedback in support of innovation and to help us create talent development offerings that meet current and future needs. We always look forward to hearing from you.

I am here to support you, so please reach out with questions and/or feedback.

Yours truly,
