

## CUES Employee Salary Survey Frequently Asked Questions Participation

Contact CUES Survey Support at 866.508.0744 or [surveysupport@cues.org](mailto:surveysupport@cues.org) for additional help.

### When is the participation period?

Survey participation opens Jan 1 and closes March 31.

### How long does the survey take?

While participation time varies depending on how many positions you are submitting, we estimate each position should take no more than 5 minutes if you have your salary information on hand.

### What will I need to have on hand?

For each position, the following ready:

1. Total number of employees for that position
2. Current average yearly salary, lowest salary, and highest salary paid for the position
3. Salary range minimum and maximum
4. Bonus eligibility

### How do I access the survey to participate?

Go to the Employee Salary Survey at [cues.org/ESS](https://cues.org/ESS) or navigate to the page through the Products and Services page on [cues.org](https://cues.org).

The screenshot shows the CUES website interface. The browser address bar displays <https://www.cues.org/product-service>. The navigation menu includes: ABOUT US, NEWSROOM, AWARDS & RECOGNITION, CONTACT US, and LOG IN. The main navigation bar features: CUES (POTENTIAL. REALIZED.), Membership, Professional Development & Events, Products & Services (highlighted with a red box), Networking, and Suppliers. Below the navigation bar, the breadcrumb trail reads: Products & Services. The main heading is "Products & Services". A search box labeled "Search by Product Name" is highlighted with a red box. To the right of the search box, the text reads: "Save yourself and your CU time and money with your CUES' products and services purchase. When developing our products and services, we start with one simple question: What do credit union leaders need to succeed? Then, we find top partners who really know the industry and can bring integral tools of the trade right to you and your institution."

**What happens if I forget my password?**

If you forget your password you can enter your email or username at the "[forgot your password](#)" link when logging in or contact Survey Support at 866.508.0744 or [surveysupport@cues.org](mailto:surveysupport@cues.org)

**Can I share my user name and password with others at my credit union that may need access to the online reports?**

Please do not share your login information with anyone. If someone else at your credit union requires access, please contact Survey Support at 866.508.0744 or [surveysupport@cues.org](mailto:surveysupport@cues.org).

**Why does CUES require a CUES login to participate in the survey?**

CUES understands the importance of keeping compensation data secure and confidential. Our login process requires each participant to be granted access to participate, so your data remains confidential.

**Do I have to submit data for every position?**

No. Please only submit data for positions that relate to those in your own organization. Look for a 75% match between the CUES position description and your credit union’s position description. Do not match position titles alone as those vary greatly from credit union to credit union.

**Does CUES want data that is current as of right now, or data from our last salary review?**

Please provide us with data that is current as of January 1 of the current year.

**Do I have to do it all at once?**

No. At any point in filling out a position’s information, you may choose the “save and exit” option to save the data you have entered. Be sure to return and choose submit prior to March 31 so your data will be included in the survey.

**What if I need to correct information after I have submitted my completed survey?**

Simply enter the information again on the survey page and be sure to click the "Submit" button. You may submit corrections through March 31.

**The Survey link isn’t active. It is grayed out. Why?**

You must first complete the Credit Union Profile. Once you’ve completed and hit submit on the Credit Union Profile, the survey link will be active.

**How can I tell which positions I’ve submitted already?**

The status column next to each position will let you know:

- Blank – this position has not been started or saved, and is not submitted
- Submitted – this position is done and submitted. You may still make changes prior to March 31
- Saved (Not Submitted) – this position has some data entered but is not submitted and will not be included in survey reports. To be sure to include these data, you must go into the position and click “submit.”

**I've participated. Now what happens?**

CUES will collect data through March 31. At that time, all data will be reviewed and cleaned. The survey results will be released in July via CUES dynamic online survey reporting tool and summary data will be released in the annual CUES Executive Compensation Summary Report; both of these resources are available to CUES Unlimited+ Members and to purchasers of the survey reports. Last year's data will still be available during the review period.

**I'm not sure my credit union has purchased the survey results. How do I find out?**

Contact CUES to find out if your credit union currently has a subscription to the CUES Executive Compensation Survey and Reports. You need just one subscription for your credit union; each individual does not need a subscription. Contact CUES Survey Support at 866.508.0744 or [surveysupport@cues.org](mailto:surveysupport@cues.org).
