## myCUES Dashboard Launch Heralds Powerful New Era for CUES Memberships

MADISON, Wis.— Talent development leader CUES is pleased to roll out [myCUES Dashboard](#), a powerful, personalized tool designed to help its members reach their professional development goals.

When members login to [cues.org](http://cues.org), they'll be directed to the dashboard and find an experience tailored just for them. myCUES Dashboard features:

- Easy access to CUES member benefits relevant to their membership level
- Recommended learning opportunities and events
- Access to assigned and completed courses
- Role-based, curated content from [CU Management.com](http://CUManagement.com)

"We're excited myCUES Dashboard is ready for our members. This new experience breaks down existing barriers to ensure all members have simplified access to their benefits, and continuing education opportunities to advance their careers and their credit union," said Jimese Harkley, JD, CUDE, CUES' VP/Membership. "And future enhancements are planned to further personalize each member's experience.

"And for nonmembers, this is a great time to join and check out all our enhancements. Credit unions and individuals who join CUES now for 2023 will receive early access to their benefits, potentially giving them months of free membership," said Harkley.

The early access offer ends October 31, 2022.

myCUES Dashboard joins other [cues.org](http://cues.org) improvements announced earlier in 2022, including a single sign-on feature, enhancements to CUESNet, and a new Member Help Center.

To learn more about CUES Membership and to take advantage of the early access offer, visit [content.cues.org/membership23](http://content.cues.org/membership23). Learn more about CUES at [cues.org](http://cues.org).

*CUES is the leading talent development solutions provider for credit unions in North America. We educate, develop and support credit union CEOs, executives, directors, and emerging leaders through partnerships with premier business schools, live and online events, digital learning, networking, and premium content.
